This is our 5th successive year at this particular show but this is the 1st time in the new venue. The exhibition runs this year again for 3 days – Friday 11th, Saturday 12th & Sunday 13th September 2009.

Then it is straight to the RDS Hall, Simmonscourt, Dublin for the Build Exhibition, the show runs for 3 days – Thursday 17th, Saturday 18th & Friday 19th September 2009.

New for these shows:-

INTEGRATED FLY SCREEN

We have developed a way to include an integrated fly screen which is concealed within the outer frame and works along with the top sash.

This is another first for **eurosash**, insect protection that does not spoil the appearance of the sash window. Ideal locations are kitchen windows, bathroom windows, farm houses, homes near lakes / ponds or wooded areas, hospitals basically anywhere there are insects.
