

## News item 2<sup>nd</sup> May 2009

**Eurosash** is returning to the Better Homes show in the National Show centre in Dublin, the exhibition runs for 3 days – Saturday 2nd, Sunday 3rd and Monday 4th of May 2009.

New items to take a look at:-

- On display – our air leakage report
- On display – our new class ‘C’ energy rating certificate
- On display – our new class ‘B’ energy rating certificate

Having a ‘B’ rated PVC-U sliding sash available is a big advantage for us and thankfully energy efficient windows are easy to recognise - simply look for the BFRC Label. Don't be fooled by claims of energy rating, be sure you are getting what you paid for, look for the coloured label that you would have previously seen on fridges and cookers.
