

News item 5th Sept 2008

Eurosash is once again attending the Self Build Extend & Renovate show in Punchestown, Co Kildare on Friday 5th, Saturday 6th and Sunday 7th of September 2008. This will be our 4th year at the show in Punchestown, and we have always seen a great deal of interest in our products.

New items to take a look at this year:-

- **BS7950 High security hardware.** We will have on display our most secure **eurosash** to date, fully fitted with our newly enhanced secure locks and superior hardware.
- **Our ES02 drip rail** for the cill can be seen fitted to a window; it greatly enhances the window's appearance and helps to further prevent any water egress.
- A Black grained sash window with Cream grained sashes, this is a new idea to create an old true authentic look.
